

# IMMEDIACARE G.I.™ FOR CATS AND DOGS

- A fast acting easy to administer paste that provides immediate GI support for cats and dogs.
- **ImmediaCare G.I.™** contains a specialized yeast extract rich in mannan oligosaccharides derived from the cell wall of yeast (from *Saccharomyces cerevisiae* and brewers dried yeast), probiotics (including: *Bacillus subtilis*, mixed lactic acid bacteria, *Enterococcus faecium*), fungal derived enzymes from *Aspergillus oryzae*, and B Vitamins, which work together as a fast acting product to normalize the G.I. tract.

- **Recommended for:**

- GI health issues
- Garbage gut, nervous gut, and food sensitivities
- Older pets who need greater digestive support
- Stress (acute or chronic)
- Quickly normalizing digestion
- Balanced microflora levels-supports naturally occurring beneficial flora and supports the probiotics in the formula
- GI tract integrity support

- Most animals respond within 24 hours which makes it an “immediate care” product for GI tract problems while awaiting lab results!

- **ImmediaCare G.I.™** contains a specialized yeast extract that is rich in mannan oligosaccharides (MOS). MOS also supports immune system functions for optimal gut health. MOS provides more binding sites than FOS (Fructo Oligosaccharides).

- **ImmediaCare G.I.™ contains probiotics including beneficial microbes like:**

*Bacillus subtilis*, mixed lactic acid bacteria, *Enterococcus faecium* helps maintain balanced microbial levels in the gut. They also encourage the growth of helpful bacteria and help maintain proper water level in the gut.

- Vitamins work synergistically with the probiotics to support the growth of the naturally occurring beneficial microbial population in the animal’s gut. This causes a quicker response and helps to reduce stress on the GI mucosa. Riboflavin (Vitamin B2) supports gut health; Pyridoxine hydrochloride (Vitamin B6) for proper immune function.

- Notched Dial-A-Serving Tube for easy dispensing!

- **Directions For Use:**

**Dogs and cats:**

Administer orally at recommended servings listed below until results occur.

Body Weight	Serving	Per Day
Up to 10 lbs	5cc	2 times
11 to 20 lbs	5cc	3 times
21 to 30 lbs	10 cc	3 times
31 to 50 lbs	15 cc	3 times
51 lbs and over	20 cc	3 times

- **ImmediaCare G.I.™**

0500470.035 (35 cc Calibrated Tube)

0500470.060 (60 cc Calibrated Tube)

**IMMEDIACARE G.I.™ FOR CATS AND DOGS**

**Active Ingredients Per 10 cc Serving:**

Pantothenic Acid	10.5 mg
Pyridoxine HCl (Vitamin B6)	2.5 mg
Riboflavin (Vitamin B2)	1.0 mg
Mixed Lactic Acid Bacteria	1.3 x 10 <sup>7</sup> CFU
<i>Saccharomyces cerevisiae</i>	3.4 x 10 <sup>6</sup> CFU
<i>Bacillus Subtilis</i>	3.8 x 10 <sup>5</sup> CFU
<i>Aspergillus oryzae</i>	1.3 x 10 <sup>5</sup> CFU

**Inactive Ingredients:** carrageenan, d-calcium pantothenate, dried apple pectin pulp, dried *Aspergillus niger* fermentation extract, dried *Aspergillus oryzae* fermentation extract, dried *Bacillus subtilis* fermentation extract, dried *Enterococcus faecium* fermentation product, dried *Lactobacillus acidophilus* fermentation product, dried *Lactobacillus casei* fermentation product, dried *Lactobacillus plantarum* fermentation product, mucilage, polysorbate-80, primary yeast dehydrated, silicon dioxide, vegetable oil, yeast extract, yeast fermentation solubles.
