

KIDNEY STRENGTH™ FOR CATS & KIDNEY STRENGTH™ FOR DOGS

- Superior kidney support formulas for optimal kidney function during times of stress.
- Helps maintain proper kidney function by supporting:
 - Renal Circulation
 - Immune & Antioxidant Defense System Functions
 - Homocysteine Balance
 - Supports Normal Fluid Retention
 - Stress Management
 - Kidney & Liver Function
 - Detoxification

- **Astragalus Root Powder** is an adaptogen that supports immune function and kidney circulation.
- **Rehmannia** is a Chinese herb traditionally used as a blood tonic and to support urine flow. It is said to be the “kidney’s own food.” It is an adaptogen that supports kidney circulation as well as kidney and liver function.
- **Nettle (Urtica dioica) Seed Extract** supports the immune system, circulation, detoxification functions, and balanced fluid retention.
- **Cordyceps sinensis Extract** is an adaptogen and antioxidant. It supports immune system function, energy production, removal of toxins, and kidney function.
- **Vitamin B1** is an antioxidant that supports efficient kidney circulation and the metabolism of fats, carbohydrates, and proteins for proper energy production.
- **Vitamin B2** is found in the largest concentrations in the liver, kidney, and heart. It is an antioxidant that supports metabolic activity for optimal energy production and the removal of unwanted materials from the kidneys. The B vitamins together may help reduce oxalate problems in the kidney and decrease fluid retention. B vitamins are water-soluble and are not properly recycled in times of kidney stress or dysfunction and supplementation may be required.
- **Folic Acid, DMG, Vitamin B2, Vitamin B12 and Vitamin B6** help to support circulation, methylation and sulfuration pathways.
- **Potassium** is important for mineral balance and water absorption.
- **L-Arginine** is an amino acid that supports kidney function and circulation.
- **Lecithin** may help protect the kidneys from fatty build up.
- **Choline** and **Inositol** are phospholipids that support reduced fluid retention.
- **DMG, EPA, and DHA** support immune function, balance eicosanoid production, and blood flow to the kidneys.
- **Directions For Use:**
Kidney Strength™ for Cats: Give 2 tablets daily.
Kidney Strength™ for Dogs: Give 1 tablet per 25 lbs of body weight, daily.
 For dogs less than 15 lbs, give 1/2 tablet daily.

If giving more than 1 tablet, divide between AM & PM.

- **Kidney Strength™ for Cats**
0500507.060 (60 Fish Flavored Chewable Tablets)
- **Kidney Strength™ for Dogs**
0500508.045 (45 Smoke Flavored Chewable Tablets)
- **Kidney Strength™ for Dogs**
0500508.090 (90 Smoke Flavored Chewable Tablets)

KIDNEY STRENGTH™ FOR DOGS

Active Ingredients Per Tablet:

Eicosapentaenoic Acid (EPA)	360 mg
Docosahexaenoic Acid (DHA)	240 mg
Astragalus Root Powder	120 mg
Rehmannia glutinosa (Root) Extract	100 mg
Nettle (Urtica dioica) Seed Extract	100 mg
Cordyceps sinensis Extract	100 mg
Lecithin	100 mg
L-Arginine	100 mg
N,N-Dimethylglycine HCl (DMG)	50 mg
Potassium (as Potassium Gluconate)	16.5 mg
Inositol	16 mg
Pyridoxal 5-Phosphate (Vitamin B6)	16 mg
Thiamine (Vitamin B1)	8 mg
Riboflavin (Vitamin B2)	8 mg
Choline	8 mg
Folic Acid	0.30 mg
Methylcobalamin (Vitamin B12)	0.10 mg

Inactive Ingredients: brewers yeast, microcrystalline cellulose, silica, smoke flavor, stearic acid, vegetable stearate.

KIDNEY STRENGTH™ FOR CATS

Active Ingredients Per 2 Tablets:

Eicosapentaenoic Acid (EPA)	180 mg
Docosahexaenoic Acid (DHA)	120 mg
Astragalus Root Powder	60 mg
Lecithin	50 mg
Rehmannia (Root) Extract	50 mg
L-Arginine	50 mg
Nettle (Urtica dioica) Seed Extract	50 mg
Cordyceps sinensis Extract	50 mg
N,N-Dimethylglycine HCl (DMG)	25 mg
Potassium (Gluconate)	8.25 mg
Pyridoxal 5-Phosphate (Vitamin B6)	8 mg
Inositol	8 mg
Thiamine (Vitamin B1)	4 mg
Riboflavin (Vitamin B2)	4 mg
Choline	4 mg
Folic Acid	0.15 mg
Methylcobalamin (Vitamin B12)	0.050 mg

Inactive Ingredients: brewers yeast, chicken flavor, fish flavor, microcrystalline cellulose, silica, stearic acid, vegetable stearate.
