

# MULTI-BITES

## Delicious Chews for Cats

### Complete Multi-Vitamin/Mineral Supplement with Taurine and Digestive Enzymes

- **A complete multi-vitamin/mineral supplement with Taurine and digestive enzymes for cats of all ages and breeds.**
- **Multi-Bites for Cats** is formulated with a full spectrum of balanced vitamins, minerals, amino acids, fatty acids, digestive enzymes and antioxidants which are not always found in cat foods.
- **Over 40 synergistic nutrients including:**
  - **A complete and balanced B complex** including all 11 B vitamins.
  - **Antioxidants** (A, C, E and Selenium) to support proper immune function.
  - **Biotin** to support skin health.
  - **Digestive enzymes** that are enteric coated to support absorption and utilization of health-building nutrients from the diet.
  - **Minerals** (Calcium, Magnesium, Phosphorus) and vitamins A & D to build and help maintain bone strength and growth.
  - **Omega 3 and 6 fatty acids** to support skin and coat health.
  - **Taurine** to support eye, neurological, reproductive and cardiovascular health.
  - **Vitamin K** to promote the growth of beneficial egg bacteria which supports proper microbial balance in the G.I. tract.
  - **Riboflavin** (Vitamin B2) which is required for the health of the digestive tract lining.
- **Available in a very palatable chicken liver flavor.**
- **Feeding Directions:**  
**Adult Cat:** Give 2 chews daily, divided between AM and PM.  
**Kitten:** Give 1 chew daily.
- **Multi-Bites Chews for Cats**

 Net Wt: 3.96 oz (112.5 g)  
 Approximately 90 Chews

#### Guaranteed Analysis Represents Minimum Levels Per

#### 2 Chews (2.5g):

Moisture (max)	7.13%
Methionine	10 mg
Cystine	5 mg
Linoleic Acid (min)	25 mg
Calcium (2.0%)	50 mg
Phosphorus (1.0%)	25 mg
Potassium (0.01%)	0.25 mg
Magnesium (0.06%)	1.5 mg
Iron (600 ppm)	1.5 mg
Copper (12 ppm)	0.030 mg
Zinc (400 ppm)	1 mg
Iodine (16 ppm)	0.040 mg
Selenium (1.4 ppm)	0.0035 mg
Vitamin A	900 IU
Vitamin D3	50 IU
Vitamin E	5 IU
Thiamine (Vitamin B1)	2 mg
Riboflavin (Vitamin B2)	2 mg
Pantothenic Acid	5 mg
Niacin	5 mg
Pyridoxine Hydrochloride (Vitamin B6)	2 mg
Folic Acid	0.002 mg
Biotin	0.002 mg
Vitamin B12	0.002 mg
Choline	5 mg
Taurine	200 mg
*Ascorbic Acid (Vitamin C)	20 mg
*Inositol	2 mg
*P-aminobenzoic Acid	2 mg
*Betaine Hydrochloride	10 mg
*Lecithin	5 mg
*Bromelain (Pineapple)	0.38 GD Units <sup>1</sup>
*Lipase (Pork Pancreas)	1.08 USP Units <sup>2</sup>
*Protease (Pork Pancreas)	13.6 USP Units <sup>3</sup>
*Pepsin (Pork)	2.55 NF Units <sup>4</sup>
*Papain (Papaya)	1.7 USP Units <sup>5</sup>
*Eicosapentaenoic Acid, EPA (from fish oil)	8.2 mg
*Docosahexaenoic Acid, DHA (from fish oil)	5.5 mg

\* Not recognized as an essential nutrient by the AAFCO Cat Food Nutrient Profiles.

<sup>1</sup>One GD Unit of protease activity will liberate approximately 8.4 mg amino acids (from gelatin)/20 min/mg of enzyme at 45 C and pH 4.5

<sup>2</sup>One USP Unit is the activity that liberates one microequivalent of fatty acid under standard conditions.

<sup>3</sup>One USP Unit of protease is contained in the amount of protease that digests 1.0 mg of casein under standard conditions.

<sup>4</sup>One NF Unit of pepsin activity digests 3000 times its own weight of coagulated egg albumen under standard conditions.

<sup>5</sup>One USP Unit of papain activity will liberate 3.0 mg amino acids (from egg albumin)/min/mg of the enzyme under standard conditions.

Contains a source of lipase which can hydrolyze triglycerides (break down fats) and sources of proteases (bromelain and pepsin) which can hydrolyze (break down) proteins.

Ingredients: natural chicken liver flavor, brewers dried yeast, glycerin, taurine, calcium phosphate, lecithin, whey, canola oil, l-ascorbyl-2-polyphosphate, calcium carbonate, safflower oil, fish oil, maltodextrins, sodium alginate, calcium sulfate, choline chloride, betaine hydrochloride, methionine, vitamin E supplement, iron proteinate, zinc proteinate, calcium pantothenate, cystine, niacinamide, bromelain (from dried pineapple), magnesium oxide, riboflavin, pyridoxine hydrochloride, thiamine mononitrate, p-aminobenzoic acid, inositol, vitamin B12 supplement, vitamin A acetate, propionic acid (a preservative), mixed tocopherols (a preservative), potassium chloride, pork pancreas (source of lipase and protease activity), copper proteinate, sodium selenite, vitamin D3 supplement, biotin, calcium iodate, folic acid, pepsin (pork stomach), papain (from papaya).
