

ULTRA-ELITE LYTES™ PASTE

- An electrolyte supplement for horses formulated for effective electrolyte replacement for all classes of horses.
- Electrolytes are an extremely important factor in regulating muscle function, fluid balance, and metabolism. Deficits can result in muscle fatigue and loss of function. During strenuous activity or exercise the horse's body temperature, pH, osmolarity and energy levels must be maintained.
- **Recommended for:**
 - All Forms of Exercise
 - Horses in Training
 - Performance and Endurance Athletes
 - Horses Under Stress
- **Ultra-Elite Lytes™ Paste** contains the essential minerals your horse needs that are lost during racing, competition, shipping, or extreme heat. Formulated to help maintain fluid balance and proper pH during exercise or physical stress. This convenient three-serving syringe was designed for easy application.
- **Feeding Directions:**
For adult and performance horses: Give 26 cc in the back of the horse's mouth before and/or after exercise or when horse is at risk.

ULTRA-ELITE LYTES™ PASTE
